

Register your Mobile Phone Number(s) in Rave

Eastern Kentucky University has implemented a multi-modal emergency notification system to inform the community about incidents and emergencies affecting campus. Realizing that message redundancy is a necessity, Eastern Kentucky University has seven primary notification systems available for the community. Any one, or a combination, of alert methods may be used depending upon the nature and severity of the event.

Email Messaging provides an email message about an event. Current students, faculty, and staff are automatically registered to receive notifications on their ECU email account and cannot opt-out of this type of notification. You can opt-in to receive emails on other email accounts. Community members are encouraged to check their email, frequently throughout the day, to be sure they see any message sent by this alert method.

Text and Voice Messaging are opt-in notifications where a text and voice message can be received on your mobile phone. ECU does not charge for this service; however, your carrier may have standard text messaging charges. In order to receive notifications by these alert methods, you must enter your mobile phone number(s) into Rave.

To Register:

Current Students, Faculty, and Staff:

Log on to ECU Direct (https://web4s.eku.edu/pls/prod/twbkwbis.P_WWWLogin) with your ECU ID and PIN.

Under the Main Menu, click the Rave Mobile Safety - Emergency Notifications link.

Register to receive text, voice, and/or email messaging. Note: Email messages are automatically sent to all current ECU email addresses and you cannot opt-out of receiving messages on your ECU email account.

To receive text and voice messages you must opt-in by entering your telephone number(s).

Other Community Members:

Go to the Rave Site Look-up and search for Eastern Kentucky University (<http://www.getrave.com/login/eku>).

Click the Register Button in the upper right hand corner.

Register your information and select to receive text, voice, and/or email messaging.
