Emergency Notification System

• To Register and Review Your Contact Information in Rave Mobile Safety
• **Current Students, Faculty, and Staff:**
  • Log on to EKU Direct ([https://web4s.eku.edu/pls/prod/twbkwbis.P_WWWLogin](https://web4s.eku.edu/pls/prod/twbkwbis.P_WWWLogin)).
  • Enter your User ID and PIN.
  • In the Main Menu, click on the Rave Mobile Safety - Emergency Notifications link.
  • Register to receive text, voice, and/or email messaging.
  • Click the Add Buttons to populate Mobile Phones, Voice Only Line Contacts, and Emails.
  • If you are affiliated with certain groups, like Model Lab School or the EKU Regional Campuses, you can join them to receive notifications that they send out.
  • Click the Groups tab, select the desired group(s) from the Official Groups list or from the Find Groups tab, and at the Group Status, click Join.
  • You can leave any group by selecting the group(s) and at the Group Status, click Leave.
  • Note: Email messages are automatically sent to all current EKU email addresses. You cannot opt-out of receiving messages on your EKU email account.
  • Note: In order to receive texts and voice calls, you must opt-in and register your phone numbers.
  • **Important:** Students should re-enroll their mobile phone numbers at the beginning of every semester.
  • Note: EKU does not charge for text service; however, your carrier may have standard text messaging charges.
Other Community Members:

Go to the (Get Rave) EKU Rave Registration page (http://www.getrave.com/login/eku).

Note: You may have to search the Rave Site Look-up Page by typing Eastern Kentucky University.

Click the Register Button in the upper right hand portion of the screen.

Follow the prompts to register your information and select to receive text, voice, and/or email messaging.

Note: EKU does not charge for text service; however, your carrier may have standard messaging charges.
Register Your Contact Information in Rave Mobile Safety
Register Your Contact Information in Rave Mobile Safety

Register for approved Eastern Kentucky University emergency notifications, timely warnings, and other important information via text message, voicemail, and email.

Current Students, Faculty, and Staff - Please do not log in from this page.

To update your information, please log in to EKU Direct (https://ekudis.ky.edu/ekumobile/login).

From the Main Menu click the Rave Mobile Safety Emergency Notifications link to log in. Once you have logged in, you will be able to register for text messages, voice calls, and email notifications. You can register up to three mobile devices to receive the text messages, which can be used to have your family members receive EKU Alerts rather than those family members having to register their own accounts.

Important: Students should re-verify their mobile phone numbers at the beginning of every semester.

EKU Email: You will receive emergency notifications on your EKU Email account. You will not be able to alter this email setting, but you can add other email accounts. Community members are encouraged to check their email, frequently throughout the day, to be sure they see any messages sent by this alert method.

Not a Current Student, Faculty, or Staff Member - Please click the Register button in the upper right hand portion of this page to register for EKU Alerts.

Rave does not charge subscribers to send or receive text messages. Standard or other messaging charges apply depending upon your wireless carrier plan and subscription details. Once registered, you can opt out of text messages at any time by texting STOP to 67283 or 22828.

For more information about EKU mass communications please visit Emergency Notifications.

Test E K U Alert: Test Exercise Message.
This is a test of the E K U Alert System.
This is only a test by Gary Folckemer.

Systems Include:

- **Siren/Public Address System** - Audible sirens and announcements can be broadcast over four loudspeakers strategically placed on campus. This system can be activated by the EKU Division of Public Safety as well as the Madison County Emergency Management Agency for weather and community emergency notifications.

- **Text Messaging** - An opt-in notification where a text message can be received on your mobile phone. EKU does not charge for this service; however, your carrier may have standard text messaging charges.

- **Voice Messaging** - An opt-in notification where a voice message can be received on your mobile or home phone.

- **Email Messaging** - This notification provides an email message about an event. Current students, faculty, and staff are automatically registered to receive notifications on their EKU email account and cannot opt-out of this type of notification. You can opt-in to receive emails on other email accounts. Community members are encouraged to check their email, frequently throughout the day, to be sure they see any message sent by this alert method.

- **RSS Feeds** - A message can be posted on the Emergency Management, Police Department, or University web pages.

- **Network Messaging** - A visual notification can be made across computers connected to the EKU network. This requires a program to be installed on your computer that monitors the server. When an alert is sent out, a pop-up box appears on your screen. No personal information is gathered or transmitted with the use of this alerting system.

- **Social Media** - EKU can use Twitter and Facebook to send notifications to the community. These social systems require the user to check to receive any messages posted. Follow @EKUEmergency on Twitter and LIKE EKU Emergency Management on Facebook.
OUTDOOR WARNING SIRENS

Test Siren
(1st Saturday and 3rd Wednesday of Every Month at 12:20PM)

Weather Siren
(Severe Thunderstorm Warning and Tornado Warning)
(The Alert Tone has been inserted here due to file size limitations)

Chemical Siren
(Chemical Event at Blue Grass Army Depot)
(Other Chemical Related Community Event)

Communicate with Public Safety

Eastern Kentucky University
The EKU Police Department is open 24 hours a day. All Criminal Activity and Other Emergencies on the Richmond Campus should be reported immediately by dialing 911 from any campus telephone or, if by cell phone, (859) 622-1919 (we recommend programming this into speed dial). Non-emergency calls can be made by dialing (859) 622-1111 or (859) 624-2947. The hearing impaired may access the Department's TDD by calling (859) 622-6279.
What is LiveSafe?

A two-way communication tool to help students put safety at their fingertips.

» Lowers barriers for people to participate in community safety.

» Relevant to the way students live and expect information.

» Empowers students to look out for one another.
Safety. In everyone’s hands.

**Report Tips** - Share safety info with Campus Safety and designated campus partners

**Safety Map** – See nearby “safe places” and find campus buildings

**Emergency Options** – Have quick access to emergency help, utilizing location data for faster response

**GoSafe** – Look out for friends as they walk home and request an escort with Campus Safety

**Campus Resources** – Access emergency procedures and other safety content

Emergency Response and Evacuation Procedures

Tornado

Tornado Warning:
- D.U.C.K.
- Go Down to the lowest level.
- Get Under something sturdy.
- Go to the Center of a permanent structure.
- Keep away from exterior doors and windows.
Eastern Kentucky University (EKU) Richmond Campus and Madison County facilities lie in several Zones (2E, 2D, 1C, and 3D). In order to maintain continuity of operations, and to make a safe community response as fast as possible, we have extended the idea of an Automatic, Default, Protective Action Decision (PAD), used at Model Laboratory School and Burrier Child Development Center, of Sheltering In Place (SIP), to all EKU facilities in Madison County.

The Prompt to Shelter In Place would be Any Mass Notification made, about a Community-Wide Hazardous Materials Incident, through the Advisor Alert Radios (Voice Message), the Outdoor Warning Sirens (Alternating High/Low Wail), and/or the EKU Alert System.

Updated information, such as exactly where a chemical plume is anticipated to go, what zones are truly affected, and when the plume is projected to arrive, will be disseminated when that information becomes available.

<table>

Emergency Response and Evacuation Procedures

Targeted Violence Attacks

An active shooter is an individual actively engaged in killing or attempting to kill people in a confined and populated area, typically through the use of firearms.

Victims are selected at random.
The event is unpredictable and evolves quickly.
Law enforcement is usually required to end an active shooter situation.

There is no, one right answer, about how to protect yourself.
You must quickly determine the most reasonable way to protect your own life.

When we think about Active Violence/Shooter(s),
we tend to group the general population into one of two categories.

Group 1: Those being Confronted With Active Violence/Shooter(s)
Group 2: Those who are Away From the Active Violence/Shooter(s)

The following slides present options for both groups to consider.
Targeted Violence Attacks

# Emergency Response and Evacuation Procedures

## Targeted Violence Attacks

http://www.dhs.gov/video/options-consideration-active-shooter-preparedness-video
https://www.youtube.com/watch?v=9Z9zkU--FLQ

## HOW TO RESPOND

### WHEN AN ACTIVE SHooter IS IN YOUR VICINITY

**1. Evacuate**
- Have an escape route and plan in mind
- Leave your belongings behind
- Keep your hands visible

**2. Hide Out**
- Hide in an area out of the active shooter’s view
- Block entry to your hiding place and lock the doors
- Silence your cell phone and/or pager

**3. Take Action**
- As a last resort and only when your life is in imminent danger
- Attempt to incapacitate the active shooter
- Act with physical aggression and throw items at the active shooter

### WHEN LAW ENFORCEMENT ARRIVES

- Remain calm and follow officers’ instructions
- Put down any items in your hands (i.e., bags, jackets)
- Immediately raise hands and spread fingers
- Keep hands visible at all times
- Avoid quick movements toward officers such as attempting to hold on to them for safety
- Avoid pointing, screaming or yelling
- Do not stop to ask officers for help or direction when evacuating

## INFORMATION

YOU SHOULD PROVIDE TO LAW ENFORCEMENT OR 911 OPERATOR

- Location of the active shooter
- Number of shooters
- Physical description of shooters
- Number and type of weapons held by shooters
- Number of potential victims at the location

**CALL 911 WHEN IT IS SAFE TO DO SO**
Emergency Response and Evacuation Procedures
Targeted Violence Attacks

Individuals Away From the Active Violence/Shooter(s):

- Take shelter.
- Secure doors.
- Take cover.
- Emergency personnel are responding.
- Avoid the area.

- Secure In Place - Hide Out:
  - Secure your hiding place by locking or barricading doors and windows.
  - Conceal yourself and take cover.
  - Silence electronic devices.
